

Profiles for Upcoming 2025/2026 DHBTC Board of Directors

Tom Thayer

Current and Past Dufferin Hi-Land and BTC Positions: President, Land Stewardship Director, Hike Director, Director of IT, Trail Captain, Land Steward, Website and integrations Developer for the BTC, and have worked on various BTC and DHBTC Events. Volunteer and Member since 2015 and currently a Lifetime Member of the Dufferin Hi-Land club.

Personal background: Owner of Dufferin Web a web development company, hiking, Kayaking, backcountry, and outdoors enthusiast with trail, water, and mountain experience.

Carl Alexander

Born on a family farm near Shelburne now a retired Professional Engineer and a 20-year resident of Mulmur. Very familiar with the area, the history, and residents. An End-to-End Bruce Trail hiker and enjoys outdoor work, structural design, and maintenance of all things on the trail.

Stephen Crocker

A BTC member for 15 years, I am a trail Captain and volunteer for end-to-end events. I am a foreperson with the City of Brampton Parks department and have a keen interest in the environment and the challenges it faces.

Lorraine Campbell

I have served on the Dufferin Hi-Land Board of Directors for the past three years, taking on several key roles, including editor of the monthly newsletter, Membership Director, and Vice-Chair. Beyond my board involvement, I am a Dufferin Hi-Land landowner who has been welcoming hikers onto my property for many years. Recently retired from a career as a clinical psychologist I enjoy exploring the trail with friends, family and two dogs, and sharing my passion for the outdoors with others.

Bill Duron

I serve on the Board of Directors of the Conservancy as the representative of the Dufferin Hi-Lands Bruce Trail Club. As a frequent hiker on the Bruce Trail, landowner member, donor and committed volunteer I have the pleasure of working with dedicated members of the Dufferin Club, as well as the Management of the Conservancy on a few

projects, including the Main and Side Trail on our property, and the creation of the Pine River Nature Reserve.

Jill Johnson

Growing up in Dufferin County with the escarpment at our doorstep, I have always carried an enormous appreciation for the Bruce Trail and all it has to offer. In life and work I have had the opportunity to nurture my tremendous regard for nature and as a board member of the Dufferin Club, I hope to foster that appreciation in others and to be part of protecting a ribbon of wilderness for everyone forever.

Megan Logeman

I was elected to the Board in July 2024 in an Event Coordinator role. I am an experienced health project manager currently working at a national Canadian charity. I would like to support the Dufferin Hi-Lands Club with their event processes as they continue to reach so many new and familiar faces.

Don Stewart

As a young person I was a member of Scouts Canada's Cubs and Scouts sections and enjoyed many hikes, camps and camporees across Canada and in Pennsylvania. As an adult, I spent 20 years in various volunteer Leadership positions with Scouts Canada, again enjoying many camping experiences. Scouts Canada is a very Inclusive organization that embodies and promotes equality in all participants. I thoroughly enjoy trail maintenance and development work!

Carol Waffler

A club volunteer and retired teacher who has lived in Dufferin County since 1973. I have been on the board for the past 3 years, as IT Director and website person. It has been a fabulous experience, and one I hope to continue. I am an avid outdoor enthusiast and am committed to doing what I can in preserving the Bruce Trail for future generations to enjoy, forever.

Alan Selby CPA CGA

I serve as Treasurer for the Dufferin Board, which I joined in January 2026. I have recently retired from a 37-year career in municipal government accounting, and four years of public accounting & auditing prior to that. I support the conservation of, and respect for, the natural environment, and enjoy working with folks on our Board who support environmental conservation also.

Jill Kelsall

I have joyfully roamed the Bruce Trail since 1986. I retired recently from being a school Principal. Before that I was a teacher, librarian, mediator and lawyer. I travel, garden and hike the trails near my home in the Mulmur hills. I have joined the BTC Board to help to protect and share this vital wilderness for the generations to come.

Elizabeth Hawkins

I am a lifelong resident of Dufferin County. I was raised on a farm in Amaranth, bought my first home in Mulmur and am now happily back on a farm in Mono. In my day to day I work in Economic Development, Tourism and Strategy for a municipality. I love being outdoors, gardening, camping, hiking and spending time with my dogs. I joined the BTC in 2024 after attending the Dufferin Hi-Lands Club's Bruce Trail Day. I have spent many years simply enjoying the trail in my community. I look forward to volunteering to support the stewardship of the Bruce Trail.

Monica Lim

Due to the natural beauty of the Dufferin area and to have constant access to the Bruce Trail, I moved to Mono with my husband and seven pets in 2022 and immediately became a member of the Dufferin Highlands Bruce Trail Club. I am a keen hiker, enjoy trail blazing on my property, gardening, walking the many Camino de Santiago pilgrimage routes, volunteering with animals and traveling. I was formerly a corporate lawyer, legal writer, continuing legal education conference producer and senior policy advisor on environmental sustainability at Environment Canada.

Nick Howard

In my professional life, I work in Human Resources, leading with compassion and empathy and putting people at the heart of what I do. Outside of work, I love being outdoors, whether exploring the trails or training for my next half marathon. I also enjoy playing and watching football and am a keen Liverpool FC supporter. As Hike Director, I look forward to sharing my enthusiasm for the outdoors, helping others discover the joy of hiking and supporting a welcoming community on the Bruce Trail.

John Dickason

As a long time DHBTC member and volunteer I believe in the BTC strategy of purchasing significant parcels of land to ensure the long-term protection of the Niagara Escarpment. A past DHBTC board member, and past director on the Bruce Trail Conservancy board, I wish to continue my support of the club in my role as past president.

I strongly support the club's efforts to strengthen biodiversity across the Escarpment and to strengthen our relationships with the broadening local community by engaging in activities that focus on being more relevant to them. I believe that it is through outreach that the club and the BTC will continue to grow in relevance to future generations and ensure 'a ribbon of wilderness for everyone forever'.
